

Flying Machine Competition results

Well done and thank you to all who entered the flying machine competition at Lingfield Library.

We are grateful to Captain Christine Scott (a semi-retired Pilot) who came into the Library to judge the flying machine entries.

Jack and Katie (YEPC) win 1st Prize

Christine commented that “the plane was made from an imaginative use of materials and it had a robust and workman like structure”.

Maddison (YEPC) wins 2nd Prize

“The landing gear was excellent and the eppenage (rudder and tail) was well observed”.

Special mention goes to William (YEPC) whose paper plane “flew so well”.
